

The Italian Masterpiece.

Here is the incomparable F.8L Falco, the ultimate airplane for builders and pilots. Designed by Stelio Frati, the international master of high speed light aircraft, the Falco is streamlined beauty matched with extraordinary per-

formance. Top speed, 212 mph; cruise 190 mph—with just 160 hp! Send \$10, refundable with plans, for a complete information packet, including 16-page full color brochure; 8-page flight report by James Gilbert; product letter with prices, sample sheet, etc.; and for a limited time only, Stelio Frati, A Designer's Portfolio, a 32-page booklet with over 75 photographs of all the exciting Frati designs.

I enclose \$10 (\$12 overseas) for the complete information packet on the phenomenal Falco.

**National Vendors Names
New Marketing Represen**

National Vendors, St. Louis, has expanded its sales force with the recent appointments of three new marketing representatives. The announcement was made by Ray Krafft, National Vendors vice president of sales.

SHELDON

WILLMERING

ROBBEN

Kathy Robben has been assigned to the Central Region and will report to Franco Giannotti, Central Regional manager. Ms. Robben will administer the St. Louis, Peoria and Southern Illinois territory.

Rich Willmering has been assigned to the Southern Region and will report to Gary Embleau, Southern Regional manager. Mr. Willmering will serve the South Carolina territory.

Harold Sheldon has been assigned to the Eastern Region and will report to Bill LaPorte, Eastern Regional manager. Mr. Sheldon will handle the Delaware, Maryland and District of Columbia territory.

**POLYVEND MAKES
STOLTZ V.P. SALES**

J. Stephen Stoltz has been promoted to vice president of sales at Polyvend, Inc., Conway, Ark. Mr. Stoltz joined the company in November 1975 as National Sales Manager.

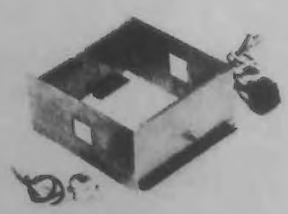

**THIS "PILE OF JUNK" HAS
PLENTY OF PROFIT POTENTIAL**

All these Bunn A-10 units need to become profit makers is the easily accomplished recycling by conversion to 12-cup capacity. And, in profit-squeezing times like these, why put out big money for new equipment...unnecessarily?

**ECONOMIZE WITH THE MODIFICATION UNIT
FROM SYSTAR THREE, INC.**

Modify your old "too short" Bunn A-10 single burners so they can use any size bowls. Then, you need inventory only one coffee packet size and the more popular, larger bowls. And Save about \$100 per unit (maybe more) by avoiding purchase of replacement machines. Further, the modified A-10's with larger capacity will substantially increase your customers' coffee consumption...and therefore, your sales!

**\$19.95 retail with plug and switch
(for another warmer on the side)
\$16.95 retail without plug and switch.**

Servomation Promotes Robert M. Johnston

Robert M. Johnston has been named district general manager of Servomation Corp., reports Charles H. Miller, vice president in charge of the Atlantic Div.

JOHNSTON

Mr. Johnston, who joined the food and refreshment service organization in 1973, had several management assignments in the Lancaster District and for the Division office before being promoted as assistant to the district general manager in Chambersburg, Pa. in July 1975.

He took his Bachelor of Economics degree from Franklin and Marshall College, Lancaster, Pa., and took graduate courses in business administration at Shippensburg State College, Shippensburg, Pa.

Holloway Names Clampitt General Manager

John M. Clampitt has been promoted to general manager of the M. J. Holloway & Co. div. of Beatrice Foods Co., Chicago.

CLAMPITT

The announcement was made by Wallace N. Rasmussen, Beatrice Foods president and chief executive officer.

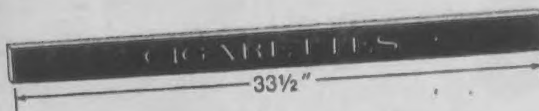

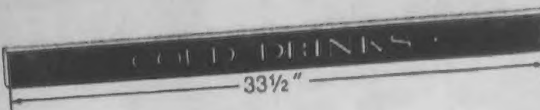

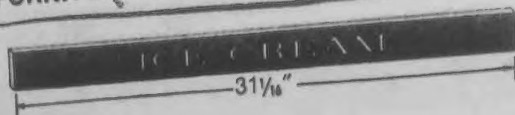

Mr. Clampitt, who has been with Holloway since 1974, reports to Robert Fortunato. A native of St. Petersburg, Fla., Mr. Clampitt attended St. Petersburg Junior College and later was graduated from the University of North Carolina.

Doeseckle Joins Nestle As Area Sales Manager

Robert J. Doeseckle, formerly territory manager for institutional sales of John Sexton & Co., has joined The Nestle Company, Inc., as a nine-state area sales manager for the institutional beverage line of the Foodservice Products Division. He will cover Indiana, Illinois, Michigan, Wisconsin, Minnesota, Iowa, Nebraska, North Dakota and South Dakota.

4-TO-2 WHEEL DRIVE CONVERSION KITS

For Full-time 4WD Vehicles

Enjoy economical 2-wheel drive any time you want!

It's easy... takes about 1 hour. Saves power loss due to front drive line. No fuel... you'll go farther on a tankful. Tires wear better and last longer. No wear and tear on front drive line parts. You can afford to put your full-time 4x4 in the road! Changes are you do more than off-road driving, but you've been with gas-guzzling 4-wheel drive all the time. With this kit you can disengage the front drive for economical 2-wheel, everyday driving. Easily installed using common hand tools. No case is not removed. Step-by-step instructions are included. A premium-quality steel gear replaces rear output differential assembly. Your stock floor-mounted shifter selects 2- or 4-wheel drive. No clutch is necessary. Normal high and low shifting is not affected. Kit includes locking front hubs, all necessary seals, thrust washers. For the following full-time vehicles with New Process 20B trans-

Play up to 22 Complete Tunes! MUSICAL HORN SYSTEM

ing new concept uses tiny song chips that an entire melody... not just a few notes. These songs you just snap a new song chip to dash-mounted control module. It's easy... speaker under your hood. Control module onto or under your dash. It really enjoys this new Musical Horn. It really plays a different song, your favorite... each time you change the song. Get your favorites from our listing below. A song chip is a remarkable, small I.C. (integrated circuit) chip, containing hundreds of switches that are programmed to reproduce electronic signals to reproduce musical notes. You'll have a much more sophisticated horn than horns which play just a few notes. 1/2" waterproof plastic speaker mounts under your hood. The control module is 3-3/8" x 3-1/8" high x 1-9/16" deep... mounts under your dash. Solid-state reliability. 12-volt vehicles. Kit includes speaker, control module, one song chip (title indicated), wiring, easy instructions. Kits available in your choice of one of these 6 songs:

DISC BRAKE ROTORS for American CARS and TRUCKS

• Restores brake safety efficiency... made to replace original perfectly

Brake safety experts recommend changing disc plates every second disc pad replacement or every 25,000 miles. Plates with lateral run out or rough surfaces result in faulty, chattering brakes. These new disc rotors restore brake safety and performance. Made of top quality cast iron. Complete with hub and bearing cups. For FRONT wheels. Fit right or left side. State Make, Year, Model and Stk. No. On Chrysler products cars, also state if for left or right side. ◆ Disc only less hub and studs. Meter. The stock number you ordered may carry a different identification number on your package.
